Pay bills, reduce the risk of identity theft, and stay on top of your debts—all in one place. Here's a quick guide to getting started and making the most of this convenient tool!

STEP-BY-STEP INSTRUCTIONS TO ENROLL IN BILL PAY:

1. **Log in to Your Account:** Start by logging in to your account through our **Online Banking** platform or the **Mobile Banking** app.
2. **Navigate to Transfer Funds:** Once logged in, look to the right side of the screen. Under the **Transfer Funds** section, you will see a variety of options.
3. **Select the Pay Bills Icon:** Click on the **Pay Bills** icon. This will take you to the enrollment page for our Bill Pay service.
4. **Enroll and Accept Terms:** To activate Bill Pay, follow the on-screen instructions to enroll. You will be asked to accept the terms and conditions of the Bill Pay service. Once you agree, you will be able to start setting up your bill payments.
5. **Add Your Payees:** After enrolling, the next step is to add the payees (such as utility companies, credit card issuers, or other service providers) to whom you want to make payments. You will need details such as account numbers and mailing addresses for these companies.
6. **Schedule Payments:** Once your payees are added, you can start scheduling payments. You can set up one-time payments or recurring payments, depending on your needs.
7. **Track and Manage Payments:** Easily track your scheduled, pending, and completed payments all within the Bill Pay section. You can also set reminders or notifications to keep on top of due dates.

BENEFITS OF USING BILL PAY:

- **Convenience:** Pay all your bills from one place, without needing to visit multiple websites or mail physical checks.
- **Automated Payments:** Set up recurring payments so you never miss a due date.
